Mr. Colin Boyd
Advanced Generation Medical, LLC
Southern California Distributor of ArthroGen Goldic
5 Brisa Ribera
Rancho Santa Margarita, CA 92688

Dear Colin,

I'm happy to report to you that the results from the Goldic treatments administered to Royal Journey (a Thoroughbred racehorse) have exceeded my expectations.

Royal Journey was given a guarded prognosis by his surgeon for a return to racing post-surgery to repair a fracture of his right knee which also had some torn ligaments. As a part of Royal Journey's recovery regimen, he received a series of three Goldic treatments. I believe that sped up the recovery process and enabled him to successfully return to racing. He has raced three times thus far with no lameness issues.

I would highly recommend Goldic to any horse owner. I have used Goldic for several horses and in my experience, Goldic reduces inflammation significantly and speeds the healing process.

Sincerely,

Tom Hudson
